PERSONAL.—Dr. Fenton M. Nichols, of Parcellville, and Mrs. Maria W. Benedict, nee Bentley, were married at the Episcopal Church in Hamilton by Rev. J. W. Keeble, on Wednesday, in the presence of a large congregation. The church was very prettily decorated for the occasion with autumn leaves and flowers. The bride was attired in a neat travelling dress of dark blue cloth trimmed with velvet, and the groom wore a suit of black. Immediately after the ceremony Dr. and Mrs. Nichols left for a northern trip.

Hon. Jas. Keith, judge of the Eleventh Judicial Circuit, and Charles M. White, esq., a prominent lawyer of Warrenton, are on a fishing trip at River-ton.—*Warren Sentinel.*

The East Orange, N. J., *Gazette* says: "H. C. Woodward, who has been connected with Edward L. Kent, the crockery and glassware dealer, is about to sever connection with that house and enter into the employ of R. S. Allen, Son & Co., of Philadelphia, wholesale crockery and glassware dealers, on November 1st. During his business career in East Orange Mr. Woodward has made himself very popular among the trade."

Rev. Mr. Pott, President of St. John's College, Shanghai, China, delivered an interesting lecture at the Episcopal Seminary last night.

Mr. Lewis McKenzie, who, it was reported, was quite sick, was on the streets to-day.

COLUMBUS DAY AT TRINITY M. E. CHURCH.—Last night Mr. Naylor described the horrible pit and the way out. He spoke of the new song that Christ will place upon our lips. He said: "It is not a silly, empty, nonsensical, meaningless song, such as you hear as you walk down the streets, but it is one of infinite meaning and depth, such as

"O love, thou bottomless abyss;
My sins are covered by thy blood;
Covered is my unclean conscience,
Nor spot nor guilt remains on me."

There is music in this song that will take all eternity to exhaust. Then it will be a sweet song. You may have heard the nightingale's notes rolling from the lips of a Jenny Lind; you may have heard the sweet tenor of a Sims Reeves; you may have listened to the sweet strains of a Madame Patti; you may have been to some great musical festival and heard the grand organ pealing forth its soul-inspiring music, or listened to the skillful choir as they trod their harmonious song, but no song so sweet, no song so full of heaven-born music as the song that trembles from the lips of one whose feet are planted on the rock of ages." There will be no meeting to-night. To-morrow night (Sunday) Mr. Naylor will speak on "The Great Day."

THE LATE J. P. AGNEW.—The Philadelphia *Bulletin* says:

"We have recently learned of the death of John Park Agnew, of Alexandria, Va., at his summer home, Mount Zephyr, near Mount Vernon, in Fairfax county, Va., on June 7, 1892. Mr. Agnew was in his 73d year, having been born at Elmhurst, Cambria county, Pa., in 1820. In early life Mr. Agnew was engaged in the manufacture of pig iron in western Pennsylvania. In 1853 David and John P. Agnew were the owners of Sharpshooters Furnace, in Mercer county, and it was at this furnace in that year that Lake Superior iron ore was first used in a blast furnace. Subsequently Mr. Agnew was engaged as a director, or manager, of Wellsville Furnace, in Somerset county, Pa., nine miles northwest of Cumberland, which was built in 1856. In 1857 he moved to Alexandria and engaged in shipping coal, in which he accumulated a moderate fortune. He was also for several years successfully engaged in shipbuilding at Alexandria. He leaves a wife and several grown-up children. Mr. Agnew was personally an amiable and kind-hearted Christian gentleman. He was an elder in the Presbyterian Church."

THE MARKET was tolerably well supplied this morning. Fall produce was represented, but not in the abundance usually noticeable at this time of the year. Young pork, however, was plentiful, and some poultry is coming in. Chestnuts and chinquapins are becoming more numerous. Butter and eggs were in sufficient quantities to meet the demand, but prices are stiff. Quotations were as follows: Butter 28a35c per pound, eggs 25c a dozen, sweet potatoes 25a30c a peck, Irish potatoes 25a30c per bushel, tomatoes 30a40c a peck, celery 5a 8c a bunch, cabbage 3a10c a head, egg plants 3a20c a piece, corn 15a25c a dozen, apples 2a20c a peck, country lamb 10a12c a pound, chestnuts 12a15c a quart, &c. The butchers had fine supplies of fresh meats, which sold at unchanged prices, and the fish benches were fairly well supplied. Fish sold at from 25 to 40 cents a bunch, according to variety.

October 29 is the last day for registration and transfers in Virginia. The books are now open.

POLITICAL.—Messrs. C. C. Carlin and E. B. Taylor will address the Central Democratic Club at their headquarters to-night. On Monday night Mr. L. C. Barley, chairman of the city committee will speak there, and on Tuesday night Mr. J. H. Greene, who has heretofore been a staunch republican, but who has recently become a convert to democratic principles, will address the club. As heretofore stated Hon. John Goode will speak on Wednesday night at a mass meeting to be held at the Opera House, and on Thursday night Mr. S. G. Brent will deliver an address at the democratic headquarters. The democrats of Alexandria are enthusiastic over the prospects of a brilliant victory in the city, State and country next month and the leaders are making a most active canvass. The republicans on the other hand are correspondingly depressed and have little heart for political work. The democrats of Anandale, Fairfax county, held a meeting this evening and raised a Cleveland and Stevenson flag pole.

A LIVE WIRE.—About 5:30 o'clock yesterday evening a telegraph lineman, while stringing a wire at the corner of King and Washington streets, let it fall on a telephone wire. In trying to disengage it the wire came in contact with the electric railway trolley wire and led to the ground throughly charged with electricity. Sparks were emitted and a crowd soon gathered in the vicinity. Several persons who did not know what had happened came near touching the live wire, but soon the people were warned of the danger and cars and vehicles were stopped. The lineman soon secured a non-conducting substance, and standing on a ladder pulled the tangled wires apart and properly arranged them. Save the burning out of a telephone or so in the neighborhood but little damage was done, but the crowd did not disperse for some time after the accident.

DEATH OF COL. SIMPSON.—Colonel Samuel Simpson, a native of Fairfax, but who had been well-known in this city all his life, died at the Braddock House last night. The deceased was a prominent man in this section. He gave much of his attention to political issues, was a writer for the press, and author of a pamphlet on the deportation of negroes to Africa. Some years ago he was editor of a paper published at Fairfax Courthouse. At one time he was U. S. consul to one of the ports in India belonging to Great Britain. Mr. Simpson had been in declining health for some time, and during the past year or two had lived in this city. His remains will be taken to Fairfax to-morrow for interment.

THE ELECTRIC RAILWAY.—As stated in the *GAZETTE*, yesterday was the biggest day for the new electric railway since its opening. Forty-five hundred passengers were carried during the day and many more were prevented from riding for the reason that they could not get even standing room on the cars. To accommodate the many who came here from Washington to take the ride over the road to Mt. Vernon the ferry company ran an extra boat last night to carry the Washingtonians back home. The travel to-day has been excellent and if to-morrow should be fine another large day's travel is expected.

POLICE REPORT.—Last night was clear and cool with five prisoners and three lodgers at the station house.

The Mayor this morning disposed of the following cases:

Louis Weingart, charged with an assault on a child, was dismissed.

Henry Arnold, colored, assault on Catharine Delany, \$7.

Talcas Tate and Wm. Lightfoot, both colored, disorderly conduct, \$2.50 each.

Hettie Haskins and Mary Lewis, both colored, disorderly conduct, \$1 each.

Lewis Carrington, colored, assault on Luckie Harris, also colored, \$3.

KICKED HER EAR OFF.—Emma Williams, a colored woman who lives on Oronoco street, between Alfred and Patrick, this morning opened her back gate and went into the alley. As she did so, a horse which she did not know had been hitched in the alley, became frightened at the opening of the gate and kicked the woman on the side of her face, cutting off a part of her ear with his hoof. She was attended by Dr. Ashby who says her injuries are not serious.

FIRE.—The alarm of fire at 1 o'clock to-day was caused by the burning of some clothing which was hanging over a stove in a house on Henry street, between Queen and Cameron, occupied by a colored man named Henry Williams. The damage was trifling. The firemen again refused to draw their hose carriages to the fire as they say they want horses to do such work. Boys drew the Columbia's carriage and a wagon the carriage of the Hydraulion company.

OFFICERS ELETED.—At a meeting yesterday evening of the New Alexandria Wooden Ware Company Mr. Park Agnew was elected president in place of Mr. L. W. Spear; George P. Clark, vice president; G. E. Shenelon, secretary and treasurer, and Frederick Mertens, of Cumberland, Md., a director.

THE Y. M. S. L. of this city last night took the 7:05 train for Washington, where they joined in the procession of Catholic societies who celebrated Columbus day by a torchlight parade.

If your horse has scratches, or sore feet from other cause, or if he has a saddle gall or has been chafed by his harness, you will find that Salvation Oil, the great horse and cattle liniment, if used as directed, will accomplish a speedy cure. It is the best liniment in use, and, and, ought to be kept in every stable. 25 cts.

REMAINS OF FEDERAL SOLDIERS FOUND.—The remains of two federal soldiers were brought to Winchester yesterday for interment in the national cemetery. One was found by John Kenney, near Stephenson's depot, in the county, while quarrying rock. The bones and five United States brass buttons were found about fifteen inches below the service in the field where General Milroy was attacked on his retreat from Winchester in the summer of 1863; name unknown. The other was discovered by W. H. Copp, near the famous battle-ground of Fisher's Hill, which was fought September 22, 1863. A portion of the soldier's coat was well preserved, the button-holes were very distinct and several brass buttons were found with the bones.

MASONIC.—The Supreme Council of Scottish Rite Masons for the southern jurisdiction in session in Washington yesterday voted to hold its next meeting in 1894, in Saint Louis. Various propositions looking to an amalgamation of the southern and northern jurisdictions have been submitted, and it is thought likely that a union will take place, but how soon cannot be predicted. A petition from Cerneau Scottish Rite Masons, praying for recognition, was unanimously rejected. At Thursday night's session Rev. Hartley Carmichael and A. G. Babcock, of Richmond, received the 33d degree.

Is practiced by people who buy inferior articles of food because cheaper than standard goods. Infants are entitled to the best food obtainable. It is a fact that the Gail Borden "Eagle" Brand Condensed Milk is the best infant food. Your grocer and druggist keep it.

ALLOW ME to add my tribute to the efficacy of Ely's Cream Balm. I was suffering from a severe attack of influenza and catarrh and was induced to try your remedy. The result was marvelous. I could hardly articulate, and in less than twenty-four hours the catarrh symptoms and my general weakness disappeared and I was able to sing a heavy role in Grand Opera with voice unimpaired. I strongly recommend it to all singers.—Wm. H. Hamilton, Leading Bass of the C. D. Hess Grand Opera Co. oct18

To the Editor of the Alexandria Gazette:

On behalf of our club and the party in the county I would ask of you to be kind enough to make the necessity of every democrat registering before the 29th inst. the subject of an earnest appeal in your paper. The club, through its special committees, is doing all possible in this matter, but I believe such a reference would materially aid us in the county. Yours truly,

A FEUD IN KENTUCKY.—A dispatch from Lebanon, Ky., says: "Terror reigns on Scott's Ridge, in the southwest part of the county, and a desperate battle is expected at any moment between the Shipp and their friends on one side and the Underwoods, Bullays and Scaggs on the other. Each side numbers about 25 men, all heavily armed and ready for the fray. Both sides have out their pickets and travel through the mountainous sections has been entirely suspended. The officers of the law are powerless to do anything and are afraid to venture among the warring factions."

CLOTHING.

HOW WE REACH PERFECTION.

We are having a big run on our \$3 PANTS, cut to order and tailor-made. They are good enough for anybody, and it don't astonish us in the least. They're hit the nail on the head as nothing else in that line ever did before. What's the secret of their success? There isn't any secret about it. There can't be any secret about what everybody knows, and the first thing that leaked out about them was that they are away above par in value and away below par in price. Is the run subsiding? Not a bit of it. On the contrary, the tide is rising. This, of all others, is the time to buy. You never make any mistake when you go with the rising tide.
